

AREA ONE · MATERIALS

Reference offcuts, 38 x 22 mm. Number the back to match the folio result tables. Keep full test pieces, before/after records, and the final closure assembly with the sample display. S = satin; T = tulle. Print at 100% and check the bar before cutting.

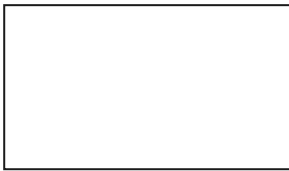

Experiment 1 - Tulle weight

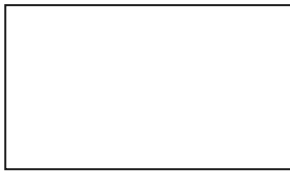

1.1 Soft tulle

1.2 Mid-weight tulle

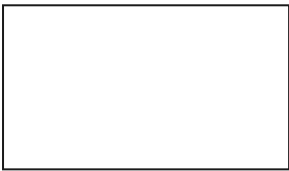

1.3 Stiff tulle

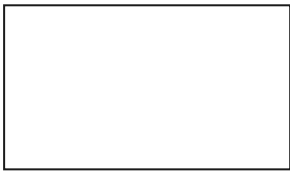

1.4 Mid-weight at rest

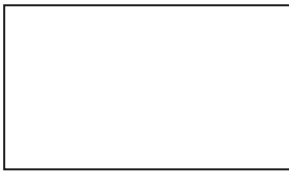

Experiment 2 - Collar washing

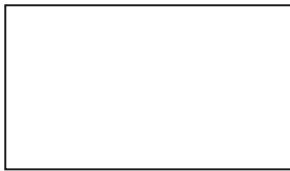

2.1 Poplin

2.2 Pique

2.3 Satin

2.2 Pique, after wash 3

Experiment 3 - Black in hall light

3.1 Satin, shiny

3.2 Satin, matte

3.3 Sateen

3.4 Crepe seam

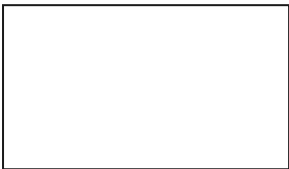

Print-scale check. This bar is 100 mm end to end and each band is 10 mm. Measure it before cutting anything.

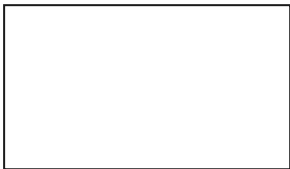

AREA TWO · EQUIPMENT

Reference offcuts, 38 x 22 mm. Number the back to match the folio result tables. Keep full test pieces, before/after records, and the final closure assembly with the sample display. S = satin; T = tulle. Print at 100% and check the bar before cutting.

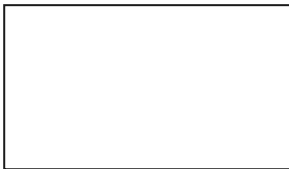

Experiment 4 - Feeding tier seams

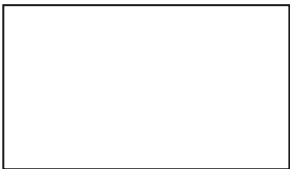

4.1 Standard foot

4.2 Teflon foot

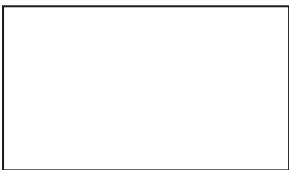

4.3 Walking foot

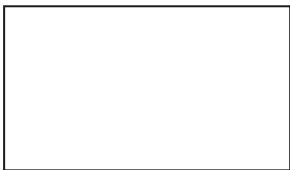

4.4 Caught area

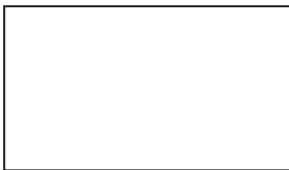

Experiment 5 - Gathering tiers

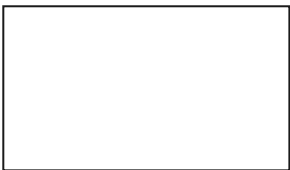

5.1 Basting

5.2 Ruffler

5.3 Cord

5.4 Cord, set

Experiment 6 - Marking two fabrics

6.1S Chalk, satin

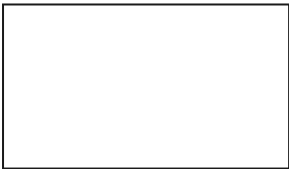

6.1T Chalk, tulle

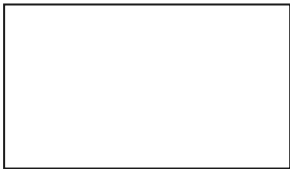

6.2S Pen, satin

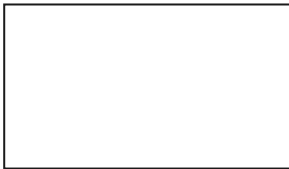

6.2T Pen, tulle

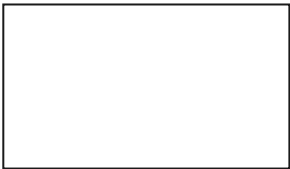

6.3S Tacks, satin

6.3T Tacks, tulle

6.4S Pencil, satin

6.4T Pencil, tulle

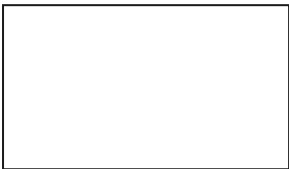

Print-scale check. This bar is 100 mm end to end and each band is 10 mm. Measure it before cutting anything.

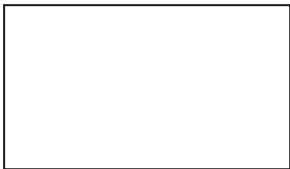

AREA THREE · MANUFACTURING PROCESSES

Reference offcuts, 38 x 22 mm. Number the back to match the folio result tables. Keep full test pieces, before/after records, and the final closure assembly with the sample display. S = satin; T = tulle. Print at 100% and check the bar before cutting.

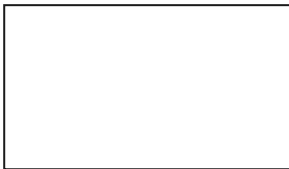

Experiment 7 - Edges and hems

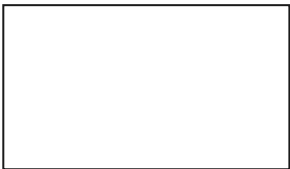

7.1T Raw tulle

7.2T Bound tulle

7.3T Rolled tulle

7.4T Overlocked
tulle

7.1S Turned satin

7.2S Rolled satin

7.3S Faced satin

7.4S Braid in satin

Experiment 8 - Band closures

8.1 Tape

8.2 Four snaps

8.3 Zip

8.4 Three hooks

8.5 Hooks + 2 snaps

Experiment 9 - Back plackets

9.1 Lapped zip

9.2 Hooks

9.3 Invisible zip

9.4 With band

Print-scale check. This bar is 100 mm end to end and each band is 10 mm. Measure it before cutting anything.
